Visionary Design Development Pty Ltd

is a trans-disciplinary consultancy carrying out research in the built environment. Currently we are undertaking a research assignment for the City of Melbourne focussing on accessibility. We are seeking to identify businesses and service providers who have altered their premises in the last five years.

Thank you for taking a moment to appraise the following brief questionnaire.

Q1

Have you undertaken any modifications/renovations to your premises during the past five years?

Yes **No**

Yes Please continue. If **No** - Thank You. You do not need to respond. Thanks for your time.

If you answered Yes to Q1

Q2

Did these modifications involve changes to access for clients/users/customers and/or staff to any part of your premises? (Examples include widening of doorways/aisles, changes to merchandise displays, ramps replacing steps, installation of tactile floor indicators, signage or braille, toilet modifications to improve access etc.)

Yes **No**

Yes Please continue. If **No** - Thank You. You do not need to respond. Thanks for your time.

Q3

Do you believe these changes have resulted in economic benefits for your business or organisation?
